

Alliance

Oct 2020 / Issue #8

News

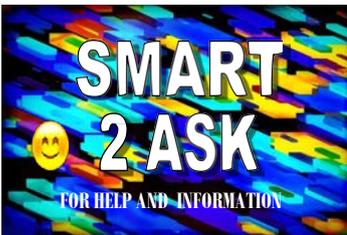

Mike Bateman has regretfully resigned his position as CEO with Alliance Housing after many years of dedication to expanding affordable housing options throughout the South West region. After taking leave to undergo surgery, Mike unfortunately found that he requires a longer recovery period than expected.

Mike has always held the concerns and interests of our tenants at heart and those who have met him will appreciate his willingness to listen and take prompt action to find solutions.

Kay Shaw whom many of you know, also a long standing efficient member of our dedicated Alliance team, has taken over the responsibilities as Acting CEO and continues the quest to deliver high quality services to our existing tenants while looking for opportunities to expand affordable accommodation for others. Kay together with Accounts Administrator **Jodi Curulli** and Tenancy Officers **Natasha Gray** and

Kathy Crossman will continue their high quality service to you, our tenants.

Alliance Housing was proud to play a key role in Initiating the SMART 2 ASK EXPO which provided an informal setting for people of all ages at risk of social or financial stress to find out about entitlements and help that is available if

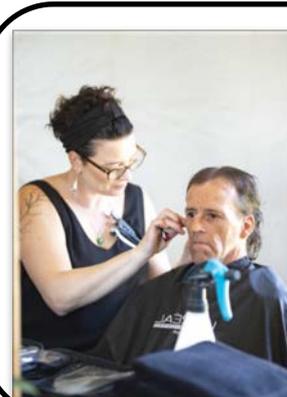

and when needed. Many of our tenants took advantage of finding out more about various support services and almost all were fortunate to take home prizes and much needed goods

A huge thank you to Alliance Housing's contractors who contributed services, vouchers or household items to the prize pool. Your generosity was outstanding and a welcome surprise to the many winners. Thank you too those of you who helped by sharing your own money saving hints and tips.

We had a wonderful day at our Alliance table connecting with members of the community and seeing the happy faces of visitors taking home carry bags full of various items and prizes while taking advantage of finding out about services for themselves or their friends. Some were fortunate to enjoy free haircuts, eye & health tests and take home free plants donated by local businesses.

We look forward to being involved with the staging of the February 2021 expo and encouraging more Alliance tenants to join in this fun, informative day.

THANK YOU!
**THANKS TO THOSE WHO CALLED
IN TO SEE US & TALK TO US AT
THE SMART 2 ASK EXPO**

5/10/2020 to 9/10/2020

WHAT YOU CAN DO WITH YOUR MOBILE PHONE

Your mobile phone can be a life saver or an emergency tool for survival.

1. Emergency Tool

The emergency number world-wide for Mobile is 112.

If you find yourself out of the coverage area of your mobile network and there is an emergency, dial 112 and the mobile will search and establish an existing network emergency number for you .

This number 112 can be dialled even if the keypad is locked.

2. Hidden Battery Power

Mobile battery very low?

To activate, press the keys *3370# Your mobile will restart with this reserve and will show a 50% increase in battery.

This reserve will get charged next time you charge your mobile.

3. How to disable a STOLEN mobile phone?

Find your Mobile phone's serial number, key in * # 0 6 # on your phone.

A 15 digit code will appear on the screen, unique to your phone.

Write it down and keep it somewhere safe.

Phone your service provider and give them this code and they will block **your mobile, so even if the thief charges the SIM card, your phone will be totally useless.**

At least you'll know that whoever stole it can't use it or sell it.

"ICE" (In Case of Emergency)

in your mobile phone contact list enter the names of 1, 2 or 3 people you would want contacted if you are not able to do this yourself and save these under ICE

If you are ever forced to withdraw money from an ATM, you can alert police by entering your PIN NUMBER in reverse.

Post COVID (Hopefully) Things are settling back to normal at Alliance. Inspections have resumed, all staff are back in the office. Thank you for your patience.

We trust that you are doing OK in these Covid times.
